ARTS & SCIENCES CAREER SERVICES

FRENCH LANGUAGE & LITERATURES

...offers a variety of courses and programs that enable its students to explore the field of French Studies as well as develop in-depth knowledge and advanced competencies. French as a foreign language is the second most frequently taught language in the world after English. The International Organization of Francophonie has 51 member states and governments. Of these, 28 countries have French as an official language. French is the only language other than English spoken on five continents. French is spoken in numerous industries, including business, government, telecommunications, and the arts.
